FOR IMMEDIATE RELEASE

OpticalLock Named *Supply & Demand Chain Executive's* 2021 Top Supply Chain Project

SDCE SUPPLY & DEMAND CHAIN
EXECUTIVE

San Diego, California June 28, 2021 - *Supply & Demand Chain Executive*, the only publication covering the entire global supply chain, selected OpticalLock as a recipient of the Top Supply Chain Projects Award for 2021.

The Top Supply Chain Projects (formerly known as SDCE 100) spotlights successful and innovative transformation projects that deliver bottom-line value to small, medium and large enterprises across a range of supply chain functions. These projects show how supply chain solution and service providers help their customers and clients achieve supply chain excellence and prepare their supply chains for success.

“The supply chain industry has been challenged with a host of supply chain disruptions over the last year. Yet, the winners on this list continued to re-tool and innovate,” says Marina Mayer, editor for *Supply & Demand Chain Executive* and *Food Logistics*. “Whether it be moving a customer to a cloud-based solution or implementing a more sustainable shipping option, these top supply chain projects reflect the supply chain industry’s strength and resilience to overcome disruptions and work better, smarter and more efficiently in the years ahead.”
